Activities overview

WHAT & HOW?

ACTIVITIES

The onboarding phase will be held for everyone in each country's Local School.

FIRST YEAR TRAINING

The First Year Training will be held for everyone in Politecnico of Milan.

TECHNICAL TRAINING

Professional Fundamentals are modules focused on reinforcing technical knowledge provided by Prysmian Global Academy (virtually) and/or Prysmian Local Schools (either virtually or in presence).

BUSINESS AND MANAGEMENT TRAINING

Business modules provided virtually in partnership with prestigious universities such as Politecnico of Milan (Polimi) and Singapore Management University (SMU).

PROFESSIONAL SCHOOL

The Academy Professional School aims to develop advanced technical knowledge of our employees worldwide at a functional level.

SOFT SKILLS

Virtual sessions held by Prysmian Academy or Local Schools on 9 areas: smart decision making, emotional and social intelligence, influence and communication, remote public speaking, stress management, customer centricity, conflict management, problem solution fit, remote meeting management.

LET'S TALK ABOUT SESSIONS

Online catch ups held monthly with managers, peers, or ex participants aiming at giving and receiving feedback, discuss hot topics and stay aligned.

WOMEN IN STEM

The newly hired female colleagues will have the opportunities to connect with internal/role models to guide them during the journey in our company and mentorship. We will also support their growth through Coaching programs (based on performance) and specific training and development sessions.
